CAREER OBJECTIVE

Motivated Software Developer with hands-on experience in Python, JavaScript, and React.js, and a strong foundation in full-stack web development. Seeking a software developer role to design, build, and maintain scalable, secure, and user-centric applications, leveraging expertise in modern web technologies, RESTful APIs, and databases to deliver impactful solutions

EDUCATION

Course	COLLEGE	CGPA/ Percentage	Year of passed
B. TECH in Computer Science and Cyber security	Malla Reddy University	8.63	2026
Intermediate	Sri Chaitanya junior college	95.9	2022
S.S.C	Sri Chandra Techno School	9.7	2020

SKILLS

Programming Languages: Python, Java, JavaScript, SQL

Web Technologies: HTML, CSS, React.js

Tools & Technologies: Wireshark, Git/GitHub, VS Code, Postman

Soft Skills: Time Management, Teamwork, Problem-Solving, Public Speaking, Active Listening

PUBLICAIONS

Paper entitled “Velvet rides” in International Research Journal of Modernization Engineering Technology and Science (IRJMETS) in Feb, 2025

PROJECTS

She-Cabs – Cab Booking System for Women’s Safety and Empowerment

- Developed a secure cab booking system using Python, MySQL, HTML, and CSS.
- Implemented role-based authentication and tracking features to ensure safety.
- Designed a user-friendly interface to improve accessibility for women commuters.

Edu-Bridge – Academic Resources and Student Support Platform

- Built a full-stack application using React.js, MySQL, and Python for student resource sharing.
- Enabled easy access to academic materials, notes, and mentorship support.
- Improved collaboration among students by integrating discussion and Q&A features.

Cyber Sleuth-AI Driven Cyber Forensic Analyzer

- Developed an AI-based intrusion detection system for cyber-attack detection.
- Trained the model using network traffic features like IPs, ports, protocols, and packet metrics.
- Detected abnormal behavior such as brute-force and suspicious login attempts.

CERTIFICATIONS

- Programming with Python – Internshala
- Algorithms, Data Collection, and Starting to Code – Coursera
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional – Oracle.

OTHER ACTIVITIES

- Volunteered at **Tech Fest 2025**, assisting in event coordination and technical support.
- Participated in the **Annual University Hackathon**, collaborated with a team to develop a prototype web application within 24 hours.

SPECIAL INTERESTS

- Building **Full-Stack Web Application**
- Fitness & Mental Wellbeing
- Exploring **Cybersecurity & AI Applications**
- Contributing to **Open-Source Projects**

DECLARATION

I do hereby declare that the above information is true to the best of my knowledge.
